

Energy Transformation

GLE 0607.10.2 Analyze various types of energy transformations.

GLE 0607.Inq.3 Synthesize information to determine cause and effect relationships between evidence and explanations.

GLE 0607.Inq.5 Communicate scientific understanding using descriptions, explanations, and models.

Describe the energy transformations shown in the picture. Explain how potential energy and kinetic energy change during the transformations. Describe how the changes obey the Law of Conservation of Energy.
